## SHORT SUMMARY / INTRODUCTION

I am a Computer Science Student at the Indian Institute of Information Technology Kota. I love building new things - starting from a blank whiteboard or early-stage prototype and transforming it into something people truly value. I recently completed the app development internship at "The Sparks Foundation". Currently, I am pursuing an ISP at "Internshala".

I am a lifelong learner, constantly improving upon my strength and building new skills. I spend my spare time learning new things and I enjoy working with special needs children and traveling with my friends and family.

At the end of the day, I aspire to be the happiest, the most successful and the best version of myself.

## EDUCATION

Btech ▶ Indian Institute of Information Technology Kota | 8.35

Jul 2018 - Pursuing

## PROFESSIONAL ENHANCEMENTS

### Certifications

- Android Development
- Digital Image Processing with OpenCv in Python
- The Fundamentals of Digital Marketing
- Build Your Web App

## EXPERIENCE / INTERNSHIP

App Development ▶ The Sparks Foundation

Jun 2019 – Aug 2019

## PROJECTS
